MEMORANDUM FOR: Communications Staff, OSA

SUBJECT : Installation of Communication Facilities with  
Colonel Geary's Office

1. In view of the expanding requirements which we have with Colonel Geary, not only in the IDEALIST and OXCART fields, but also with the assumption of contractual and security responsibilities for Project [REDACTED] it is necessary that we have rapid and secure commo facilities directly with Colonel Geary's office. It is requested that a representative of your office, which I would assume will be [REDACTED] contact Captain Jones and arrange for the installation of a TWIX facility which will terminate in Colonel Geary's immediate office. Care should be taken that correspondence sent via this channel should in no way receive possible dissemination through the [REDACTED] or other Pentagon channels.

2. Colonel Geary is awaiting your contact. Please advise this office when the estimated completion date of this channel can be determined.

JOHN N. McMAHON  
Chief, Programs Staff
